6. CHAIRMAN'S COMMENTS – Cllr Martin advised he laid the remembrance wreath on behalf of the council at Sithney church gates and the last post was played.

7. COUNCILLORS' QUESTIONS AND COMMENTS - 24-hour notice in accordance with Standing Orders advisable.

Cllr Hilditch – has been in contact with Helston police station to arrange the next speed watch training. There are now 6 members to the speed watch group.

Lowertown community group sent there thanks to the council for reporting the taxi cars parked at the top of Lowertown that are obscuring the view when using the junction, even though no positive outcome was achieved. Clerk to contact highways again.

Cllr Rogers advised the 'Trevarno quiet lanes' scheme has gained more support and its members have been in touch with other quiet lane schemes in the country. There is a zoom meeting on Thursday to discuss further, which Cllrs Rogers and Keeling will be attending.

8. CORNWALL COUNCILLOR'S COMMENTS – Cllr. John Keeling gave the following written report:

Highway matters - Cornwall Council confirm that it is not possible to use the CNP TRO's for undertaking extra works within parishes. I understand the rationale is that the addition of many other small schemes has potential to delay the delivery of the agreed schemes beyond the critical funding parameters. I will chase this further through the CN panels.

Community Infrastructure Levy (CIL) funding and S106 are sources of funding for Highway improvements. In terms of CIL it is the strategic part of the levy rather than the 15% or 25% allocated to town and parish councils.

Further, parishioners in Sithney are attempting to bring forward an initiative for "Quiet Lanes" in an attempt, to get drivers to respect both the rural nature of the lanes and the environment. CPRE are the source of information and I hope to join a Zoom meeting this week with interested parties up country.

Trannack School have raised deep concerns about speeding traffic past the School entrance. I have been out several times and note that signage is poor on the approach from Coverack Bridges. This may be a scheme for the One Highway Network Budget given concerns regarding road safety. I have included Cllr Loveday Jenkin in this, given she is a governor at the school, to help provide further lobbying to push this further.

Enforcement - Planning Enforcement is painfully slow, but it must follow due process. There are more than 22 alleged beaches of planning across all my parishes since lockdown began in late March. Cornwall wide there has been a 30% increase in alleged breaches of planning since lockdown began.

General - There is a lot of unrest, among elected members, about 2nd homes in receipt of business rates claiming the £10k Grant during lockdown, the link below gives some information on actions being taken by one of our MPs. The main problem lies with the lack of clarification about occupancy during the 140 days the holiday let is available during the year and closing that loophole.

There are some 23,000 second homes in Cornwall with about 7,600 registered as holiday lets. The rest pay full council tax.

13) BUDGET / PRECEPT SETTING – Clerk has circulated a Budget Report to all Cllrs. The current Precept is £14,140 and clerk has put forward the budget with the precept remaining the same and with a 1% increase. Clerk advised that although the council does hold high reserves, a 1% increase would go towards keeping in line with inflation. It was unanimously RESOLVED to request a 2021/2022 precept from CC for £14281.00

The budget meeting was carried out on the 23.11.2020 with clerk Cllrs Mc Donald and Freer. Cllr McDonald raised the possibility of this council purchasing a speed camera similar to Rosudgeon that flashes speed and number plate. Further to a site meeting on the B3303 between Cllrs McDonald and Hilditch on the 01.12.20, Cllr McDonald and Hilditch proposed that this council explores the possibility of a speed camera.

Clerk has spoken to highways and the cost could be in the region of £25,000 for an electric one, subject to confirmation on position. Cllrs discussed the level of reserves and the speeding issues on the B3302 and it was agreed by 7 Cllrs in Favour and 1 objection to a site meeting between highways and Cllr McDonald to agree a possible position and cost and bring back to January 2021 meeting for a decision.
